Nintex Announces 2019 Nintex Solution Innovation Award Finalists

BELLVUE, Wash., May 8, 2019 /PRNewswire/ -- Nintex, the global standard for process management and automation, today announced the worldwide finalists for its 2019 Nintex Solution Innovation Awards across several categories. The awards recognize customer organizations who are driving impactful and innovative business solutions by leveraging the powerful and easy-to-use Nintex Platform.

The award finalists were selected based on nominations submitted by Nintex customers and partners earlier this year. Nominations were open to every organization that turns to Nintex capabilities for successfully managing, automating and optimizing a wide-range of business processes including visual process mapping - Nintex Promapp™, Nintex Process Intelligence, Nintex Workflow, Nintex Forms, Nintex Mobile, Nintex Drawloop DocGen® for Salesforce, and Nintex Drawloop DocAutomation. Nintex Partners were also encouraged to submit nominations for solutions they designed and implemented on behalf of customers.

"Every Nintex Solution Innovation Award finalist has achieved impressive results with Nintex's process management and automation capabilities," said **Nintex Chief Customer Officer Josh Waldo**. "We're very pleased with the number of organizations who entered this year's awards program and shared the impressive ways they are using the Nintex Platform to improve the way people work."

Judges reviewed and ranked submissions based on product depth and breadth, industry and/or vertical impact, and resulting benefits.
