The Nintex Partner Program is comprised of hundreds of channel and ISV partners with wide and deep expertise in process management, [workflow automation](#), robotic process automation and document automation. Nintex partners work with public and private sector organizations in [every industry](#) to manage, automate and optimize a wide-range of business processes with the powerful and easy-to-use capabilities of the Nintex Process Platform.

"Partners are integral to Nintex and to our customers in achieving their digital transformation goals," said **Nintex Vice President, Channel Sales and Strategy Joe Peterson**. "Our partners are industry experts in all areas of process and automation and are committed to delivering best-in-class solutions powered by Nintex software to organizations around the world."

Nintex's partner program offers comprehensive support and resources including pre-sales assistance, co-funded marketing campaigns, demonstration environments, technical training, sales training, referrals, an online partner portal, and more.

The annual CRN Partner Program Guide provides a conclusive list of the most distinguished partner programs from leading technology companies that provide products and services through the IT Channel. The 5-Star rating is awarded to an exclusive group of companies that offer solution providers the best of the best, going above and beyond in their partner programs.

Each year CRN develops its Partner Program Guide to provide the channel community with a detailed look at the partner programs offered by IT manufacturers, software developers, service companies, and distributors. Vendors are scored based on investments in program offerings, partner profitability, partner training, education and support, marketing programs and resources, sales support, and communication.

"As innovation continues to fuel the speed and intricacy of technology, solution providers need partners that can keep up and support their developing business," said **CEO of The Channel Company Blaine Raddon**. "CRN's 2021 Partner Program Guide gives insight into the strengths of each organization's program to recognize those that continually support and push positive change inside the IT channel."

The 2021 Partner Program Guide will be featured in the April 2021 issue of CRN and online at www.CRN.com/PPG.
